Berkey Lee Volkswagen in Statement On Rezoning of Adams St. Property

The following statement by the Berkey Lee Volkswagen firm of Albany is being offered by it in rebuttal to the remarks of Mrs. Zahn in last week's issue of the Times in which she attacked the granting of the rezoning of the firm's property on Adams Street, and criticized the firm itself:

The Editor Albany Times Albany, Calif. Dear Sir:

Berkey-Lee has no intention of presuming to enter into the internal or political affairs of the City of Albany. However, because of an unwarranted, irresponsible and unsupported statement which appeared in the Albany Times of last week, which attacked our reputation and our business future within this city, we feel that we must speak out. We prefer to believe that the author of this irresponsible statement, through inadvertence and mistake, has confused duty to the community as a whole and true facts with political obligations to a few and wishful thinking.

The subject, which we trust honesty and good sense will not allow to become an issue, is the matter of the rezoning of the easterly 25 feet and the issuance of a Use Permit for the remaining 75 feet of two lots owned by the undersigned, fronting on the East side of Adams Street and directly behind our present Sales and Service location which fronts on San Pablo Avenue.

Our position in this matter is as follows, to-wit:

It is essential that Berkey-Lee Volkswagen have additional space for automobile servicing and space to park customers' cars awaiting pickup. The strict policy of our principals, the distributors and Volkswagen of America, requires that each dealer have adequate facilities to service all automobiles sold. Our overcrowded facilities do not permit compliance with this policy; failure to comply places our franchise (which covers an area larger than the City of Albany) in jeopardy.

We have presented our petition to the City Planning Commission which approved and passed it. We petitioned the City Council for rezoning and a Use Permit, and after three (3) separate and full public hearings before the City Council a Use Permit was granted and the rezoning ap-

proved by a 4-1 vote over the opposition of approximately 25 people out of the approximate 17,000 residents of this city, some of which had signed petitions for and against the proposed rezoning and Use Permit. We feel we are not establishing a precedent, indeed the precedent has been set. Other properties have similarly been rezoned on Adams Street.

As soon as possible, we intend to commence improvements which will run in the neighborhood of \$100,000. Pursuant to the terms of the Use Permit, the parking lot in question will not have a driveway opening on Adams Street; it will be surrounded by a six-foot fence with a locked gate facing Adams Street to be opened for fire and

Albany C. of C. Comments On Adams Rezoning

The policy of the Albany Chamber of Commerce is to improve business and to build a better community. A city must work as an integrated city of both homes and businesses to function properly. It is not the policy of the Chamber of Commerce to promote or to oppose individual interests but to work for the betterment of the community as a whole.

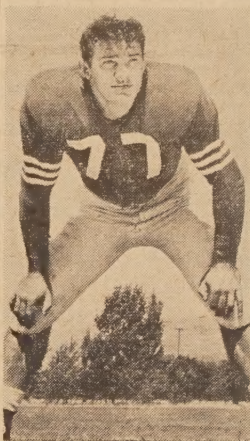

In the recent controversy concerning the rezoning of the Adams Street site, the Albany Chamber of Commerce was not in support of Berkey-Lee Motors as an individual firm but was following its policy as stated in a letter to the Albany City Council, dated March 20, 1959: "The policy of the Albany Chamber of Commerce is to encourage the business and industrial interests of the city". This was an example of a business in Albany proposing an expansion program that would ultimately bring more business to the community. It was not the purpose or desire of the chamber to oppose any individuals or group of individuals.

It has been stated that the Albany Chamber of Commerce receives \$1800 a year from the City of Albany for the purpose of bringing new businesses into Albany. The position to support the proposed business expansion was made to fulfill this purpose.

ERNEST DIX,
President, Albany

The program begins at 5 with an hour of stereophonic music without a spoken word. Following the dinner a period of music and meditation is given in the sanctuary. Its theme is "The Procession of Living Torchbearers" and this week's subject, Sherwood Eddy, is based on his autobiography, "Eighty Adventurous Years." Music for the service is directed by Lloyd Hanson and presented by the community choir with Jean Heywood and Robert Parsonage as soloists.

The church is in the Northbrae-Thousand Oaks section of North Berkeley and may be reached by driving out Grove to Los Angeles or up Solano to The Alameda.

police emergency only. The lot will be used for the parking of serviced customers' cars and no repairing will be done there, and the area will be planted and landscaped to the satisfaction of the City of Albany and as provided by the terms of the Use Permit — which may be revoked for non-compliance.

We intend to continue to contribute to the growth of the City of Albany and expect to contribute some \$10,000 within the next fiscal year to the City in taxes.

May we thank the Albany Times for giving us this space and we urge the citizens of Albany to consider carefully the merits of our position as well as the irresponsible utterances of our opposition.

Albany's own inimitable fashion expert, Ralph Jensen (also known as Police Chief Jensen). There is more to . . . very special entertainment by that well known color guard of American Legion Post 292. Mrs. Jerome Blank is in charge of this unique and interesting program.

Thursday night is the night to answer your doorbell quickly and generously, because your caller will be a volunteer in the Mother's March. These mothers will call on all residences, whether your porch light is on or not (but do leave the light on for them). Ellen Radder and Alice Muro are co-chairmen of this project.

There's going to be a really big night in Albany, Saturday, January 30, with all kinds of excitement . . . it is the American Legion Post 292 sponsored annual Basketball Festival with the proceeds going to the March of Dimes.

Don't miss any of these activities . . . see you there!

In closing may we pay a very special tribute to Ronnie Kleinhammer, for bringing international publicity to the city of Albany and to Albany High School. This outstanding young person has just won the first full year foreign scholarship awarded by the American Field Service. We are very proud of you, Ronnie.

CHRISTIAN SCIENCE

How prayer enables man to cope effectively with the problems of daily living will be brought out Sunday at Christian Science services.

Each session of the Lesson-Sermon on "Love" will deal with some aspect of prayer as taught by the master Christian, Christ Jesus. Selections to be read from the Bible include these verses from the Sermon on the Mount: "Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you: For every one that asketh receiveth; and he that seeketh findeth; and to him that knocketh it shall be opened" (Matthew 7: 7, 8).

Swim Classes

At Albany Pool

A flexible instructional program of swimming and lifesaving was opened last week by the Albany Adult Education Center for the Winter quarter. All swimming classes, held at Albany Pool, Portland and Pomona Avenue, are open to the enrollment of those residing in or out of Albany, but limited to those interested and in need of instruction.

Three one-hour evening classes, Mondays and Wednesdays are scheduled for 6:30, 7:30 and 8:30. The 6:30 classes are for semi-intermediate, and full intermediate students; the 7:30 for full intermediate students; and the 8:30 classes for beginners and for those taking lifesaving.

Students taking swimming lessons attend on either a once or twice a week basis.

Arteriosclerosis, or hardening of the arteries, causes nearly 150,000 deaths from heart disease a year, according to the Alameda County Heart Association.

May Wedding for Violette Marchetti

A May wedding is planned by Violette Marchetti and Richard Masuero, according to Mr. and Mrs. Charles Marchetti, parents of the bride-to-be.

Richard, a native of Albany, is the son of Mrs. Sisto Masuero and the late Sisto Masuero. He is a graduate of Albany High School and is employed by Bendix-Westinghouse.

Violette has a brother, Jack, a resident of Oakland, and a sister, Mrs. Thomas Carella of Daly City. She is a graduate of Berkeley High.

Cooking Class At Albany Center

A cooking and baking course intended to "spice up" home menus and give a "lift" toward planning is offered during the winter quarter at the Albany Adult Center, 603 Key Route Boulevard, according to Robert G. Dennis, Principal.

The course, taught by E. E. Littlefield, a retired maritime cook and former New Orleans restaurateur, is offered on Monday evenings, 7 to 10, and is open to the enrollment of interested adults, regardless of residence.

Diseases of the heart and blood vessels cause a loss of more than 69,200,000 work-days annually, says the Alameda County Heart Association.

Camp Fire Girls Plan To Start Candy Sale Feb. 5

Group leaders and candy chairmen met recently at the home of Mrs. Jerome Blank, 1013 Ramona Avenue, Albany, to receive instructions for the annual Camp Fire Candy Sale. Mrs. Herbert Worster, general candy sale chairman for the Codornices Council, presented the material and pointed out that this is the one time during the year that the girls can say thank you to their council by working to make the sale a success. Friday, February 5 marks the beginning of the sale, and it runs through February 26.

In addition to receiving the facts at this meeting, the group was treated to some fun by Mrs. Ralph E. Peterson's Camp Fire girls of Marin School. Selling techniques were demonstrated by the girls in the group by means of skits showing different situations which might arise . . . the door being answered by a non-English speaking person, a lady on a diet, a young child, and best of all, an eager buyer who wants more than your last box! Members of the group include Donna Dick, Donna Durham, Vicki Hughes, Sandra Hewlett, Valerie Peterson, Nan-y Sibring, Margaret Royer, and Diane Walker; and the group name is Wa-Ta-Si.

LETTERS TO THE EDITOR

Albany Times:

Hats off! and a most sincere Thank You to the Albany Times and the Ellis-Olson Mortuary, co-sponsors of the recent Albany Home Christmas Decorating contest.

The sponsors of this successful event can feel that they did a super job in bringing a true Christmas spirit to their fine City of Albany.

Encouraging the decorating of homes at the greatest season of all, Christmastide, the results could be no less than reverent, inspirational and joyous. Persons responsible for this type of civic participation have made a giant stride forward to promote strength in the uppermost trend of thought in this era of Peace and Goodwill.

Here's hoping that ever-so-many new stars will twinkle to brighten the Albany Christmas Trail next year.

Again thanks to the Albany Times and the Ellis-Olson Mortuary for giving Albany residents the opportunity to show pride in their wonderful city of Albany.

Very sincerely yours,
Mrs. Elmer Jacobson,

Good Reason

The cost of the funeral service is a very real consideration among the majority of the families we serve. Since cost is so important, it is obvious why we continually emphasize that the cost of our service is as moderate as any.

Which woman is a PG&E owner?

Probably both of them are . . . because PG&E is owned by thousands and thousands of men and women from all walks of life. No one of them owns as much as one-tenth of 1% of the Company. And whether you're one of our 226,000 shareholders or not, you have a stake in PG&E ownership if you have an insurance policy, or participate in a pension plan, or own shares in a mutual fund. PG&E securities are held by such institutional investors as these. Thus directly or indirectly nearly everybody is an owner of PG&E . . . and probably you are too!
